About

LOKNEETI MUN

LOKNEETI: "The People's Policy"

It represents the belief that real change begins when young citizens understand, question, and shape the systems that govern them. LOKNEETI MUN is built on the idea that informed voices create powerful futures.

We aim to create a generation that doesn't just watch world politics they influence it. Through realistic committee simulations, we develop leadership, diplomacy, and critical thinking in every delegate.

In a world shaped by conflict and misinformation, Lokneeti MUN gives students a space to understand how real decisions are made by experiencing governance, not just reading about it.

"This conference is where ideas become arguments, arguments become policies, and students become leaders".

Conference Ethos & Values

Diplomacy

Lokneeti MUN promotes dialogue over discord. Delegates are encouraged to resolve conflicts through negotiation, cooperation, and strategic communication just as real-world diplomats do.

Respect

Every opinion, culture, and perspective matters. We foster an environment where differences are valued and all delegates are treated with fairness and dignity.

Professional Conduct

From the way delegates speak to how they behave in committee, professionalism is non-negotiable. Lokneeti MUN expects every participant to act with responsibility, discipline, and integrity.

Representation & Decorum

Delegates are not individuals – they are representatives of nations. We expect participants to maintain diplomatic decorum, uphold their country's stance, and conduct themselves with grace and credibility.

Committee Overview

To address pressing global and national challenges through diplomacy, debate, and collaboration, focusing on peace and security, human rights, gender equality, democratic governance, and responsible media representation.

To empower young leaders to think critically, negotiate effectively, and propose sustainable, inclusive solutions to real-world issues.
